GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 23rd June 1938.

Read the reports from the Commissioners of Divisions on the working of the Municipalities and notified areas in the Province of Bombay for the year 1936-37 :—

RESOLUTION.

PART I.

Summary.

Number and area.—Owing to the separation of Sind with effect from the 1st April 1936 the total number of municipalities in the Province of Bombay at the close of the year under report was 130. Of these twenty-seven were governed by the Bombay Municipal Boroughs Act, 1925, and the rest by the Bombay District Municipal Act, 1901. Of the latter, six, viz., Godhra, Viramgam, Yeola, Malegaon, Bagalkot and Guledgud were City municipalities constituted under section 181 of the Act. The Barsi municipality was raised to the status of a borough municipality from the 1st October 1936. The municipality at Dhond, which was established during the previous year, began to function actually on 26th September 1936. The number of notified areas (exclusive of those which merely exist for the purpose of enforcing building regulations and do not levy taxes) were five in the Bombay Suburban district, one each in the Thana, Poona and Satara districts of the Central division and five in the Southern division. Rules for the levy of taxation in the Kankaria notified area in the Ahmedabad district were sanctioned by Government in March 1936 but it was not until 1st April 1937 that the committee was able to complete its work of the valuation of properties.

There was no change in the areas of any of the municipal bodies except in that of the Ahmedabad borough municipality, the area of which increased from 9·13 square miles to 11·54 square miles.

2. *Change in the population and boundaries.*—The total population resident within municipal areas was 26,45,509 as against 26,37,204 (excluding that of Sind) in the preceding year. The increase was due to the establishment of a municipality at Dhond. The boundaries of the Ahmedabad municipality, the Shahada municipality in the West Khandesh district and of the Raver municipality in the East Khandesh district were extended during the year under report.

3. *Constitution of municipalities.*—In the Northern division the constitution of all municipalities remained unchanged in the year under report. The affairs of the Kurla municipality in the Bombay Suburban district continued to be managed by the Administrator appointed by the Commissioner under section 219 (2) (*b*) of the Bombay Municipal Boroughs Act, 1925. Triennial elections were held during the year at Ahmedabad, Umreth, Anand, Borsad, Dakor, Mehmedabad and Kaira.

In the Central division the Dhond municipality was constituted so as to consist of 4 elected and 8 nominated councillors with the mahalkari as ex-officio president. Triennial elections were held for 17 municipalities during the year as against 10 in the previous year. By-elections were held in the case of 12 municipalities.

In the Southern division the supersession of the Gokak municipality continued during the year under report. Triennial elections were held in the municipalities of Saundatti-Yellamma, Matheran and Ratnagiri. The elections were keenly contested. By-elections were also held in eight municipalities.

A consolidated statement showing the number of voters who exercised the franchise at the general elections in the province is appended.*

4. *Attendance at municipal meetings.*—The number of meetings held during the year in the three divisions was 3,174 as against 3,311 in the previous year, of which 487 proved to be abortive for want of a quorum and 1,120 were adjourned. The average percentage of attendance of members at the meetings in the year under report was 65·93. The corresponding percentage in the previous year was the same.

5. *Changes in the system of taxation*—(*a*) *Property taxes.*—The schedule of house tax was revised by the Ratnagiri municipality. Mill premises in the Ahmedabad municipality were charged the drainage tax on the valuation fixed at a prescribed percentage.

(*b*) *Octroi.*—The Bhatkal municipality brought into force its revised schedule of octroi. The Chopda, Wai and Sholapur municipalities revised their octroi schedules with a view to increasing their income. The Faizpur and Savda municipalities in the East Khandesh district introduced a joint levy of octroi during the year.

(*c*) *Terminal tax.*—Owing to the complaint of the G. I. P. Railway Administration that the levy of a tax on rail borne goods, but not on road-borne traffic, resulted in loss both to the Administration and the municipality, the Raver municipality introduced the levy of a tax on goods imported by road. The Bhiwandi municipality levied terminal tax on grains of all kinds, except paddy and rice, at four annas per Bengal maund. The Ahmedabad municipality amended its rules so as to allow exemption to manure.

(*d*) *Water rate.*—The Matheran municipality reduced its water rate and introduced the levy of water tax on animals. The Ahmedabad municipality amended its rules so as to enable the levy of water rates at a uniform percentage on the actual annual letting value.

(*e*) *Sanitary cess.*—The special sanitary cess levied by the Kurla municipality was increased from 2 per cent. to 4 per cent. on the annual letting value. The Sangamner, Raver, Wai, Barsi and Ratnagiri municipalities revised their rates of special sanitary cess. The first two municipalities also revised their rates of general sanitary cess. The Belgaum municipality increased its special sanitary cess and introduced the general sanitary cess in lieu of bhangi cess. Though the levy by the Hubli municipality of special sanitary cess was sanctioned by Government, it was not introduced during the year under report.

(*f*) *Conveyance tax and toll.*—The most important change during the year was the abolition of the tolls levied by municipalities on motor vehicles and trailers as required by section 15 of the Bombay Motor Vehicles Tax Act, 1935. The municipalities have, however, been compensated by grants-in-aid under section 9 of the said Act. The Manmad municipality granted full exemption while the Nasik municipality granted partial exemption from the payment of wheel tax to bullock carts fitted with pneumatic tyres. The Sangamner municipality exempted carts with pneumatic tyres from the payment of toll tax.

(*g*) *Other miscellaneous taxes.*—The proposals of the Hubli and Amalner municipalities for the levy of a tax on hotels, tea shops, etc., were sanctioned but they were not actually given effect to during the year.

6. *Municipal income.*—The aggregate gross income of the municipalities in the three divisions fell from Rs. 347 lakhs to Rs. 313 lakhs. Deducting the receipts under " extraordinary and debt " the net income amounted to Rs. 189·78 lakhs as

---

* *Vide* Appendix A.

against 188·62 lakhs in the preceding year. The important variations are set out in the following paragraphs :—

(*a*) *Octroi and terminal tax receipts.*—There was a decrease of about Rs. 68,000 under this head, which was shared by the Central and Southern divisions, the former alone accounting for a decrease of Rs. 1,39,000 due to scarcity conditions, and depression in trade in Ahmednagar, Poona and Sholapur districts and the diversion of rail borne traffic to the roads in the East and West Khandesh districts. The Northern division showed an increase of about Rs. 73,000 which was shared mainly by the Ahmedabad (Rs. 44,000) and Surat (Rs. 18,000) municipalities.

(*b*) *Taxes on houses and lands.*—The receipts under this head showed a decrease of about Rs. 22,000 which was shared by the Northern and Central divisions and is attributed generally to slackness in effecting recoveries. The Southern division showed an increase of about Rs. 8,000.

(*c*) *Water rates.*—The receipts under this head showed an increase of about Rs. 3,71,000 which was shared by the Northern and Southern divisions. The largest portion of the increase was contributed by the Northern division, the Ahmedabad municipality alone accounting for an increase of about Rs. 3,88,000 by reason of the recovery of past years' arrears from the mills.

(*d*) *Revenue derived from municipal property.*—The receipts under this head showed a decrease of about Rs. 2,22,000 which was shared by all the divisions. In the Central division, the Poona City municipality was mainly responsible for a decrease of Rs. 1,68,000 (in round figures) which was due to the non-adjustment of amounts received from the sale of plots and to smaller receipts on account of contributions from the holders of plots in the town planning schemes.

(*e*) *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for water supply and drainage, for the entertainment of health officers and sanitary inspectors, and for medical and educational purposes amounted to Rs. 14,18,513 as against Rs. 12,65,792 in the previous year. The increase occurred in all the divisions, the Northern division alone accounting for about Rs. 96,000 owing to the receipt of larger educational grants from Government.

7. *Nature of income and incidence per head of population.*—Of the total income of the municipalities amounting to Rs. 1,89,78,784, Rs. 1,47,64,030 were realised from municipal rates and taxes as compared with Rs. 145,80,356 in the previous year. Direct taxation yielded Rs. 95,67,612 or 64·1 per cent. of the total and indirect taxation Rs. 51,96,418 or 35·9 per cent.

The following table shows the average incidence of taxation and income per head of population during the year under report as compared with the previous year in the province, as a whole and in each of the three divisions :—

	Incidence of Taxation.		Incidence of Income.	
	1935-36.	1936-37.	1935-36.	1936-37.

Southern division	3 8 11	3 8 9	4 11 3	4 10 5

8. *Recovery of dues.*—During the year under review there were few signs of any improvement in the collection of taxes. With some notable exceptions, there was hardly a municipal board which was fully alive to its responsibilities in this

respect. It is impossible to lay the blame for the heavy arrears on any defects in the municipal acts. The trouble is that there is no proper system in the organisation of the collection work which is at present being done in an haphazard manner.

The total amount of arrears of taxes and dues in all the municipalities of the province at the end of the year was about Rs. 22·30 lakhs, i.e., a decrease of about 4·53 lakhs in the figures of the preceding year.

In the Northern division arrears were heavy in the Godhra, Surat, Rander, Thana, Kalyan, Bhiwandi, Bandra, Ghatkopar and Vile Parle municipalities. The work of recovery in Ahmedabad and Kurla was creditable. In Ahmedabad the arrears which stood at Rs. 6,86,223 were reduced to Rs. 2,97,553. A sum of Rs. 1,30,000 is still outstanding from the mills and factories pending disposal of objection petitions by arbitrators.

In the Central division the outstandings on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate at the end of the year amounted to Rs. 8,84,421 as against Rs. 7,67,902 in the preceding year. The increase is mainly due to unsatisfactory collection work in almost all the municipalities. The administration of the Amalner municipality was specially notable for the excellent recovery of arrears which at the end of the year represented only 0·76 per cent. of the total demand. The Sholapur municipality also showed good work in this direction.

In the Southern division the municipalities had to recover in all Rs. 12,72,218 including Rs. 3,94,091 on account of past year's dues. Out of the total dues Rs. 8,68,247 were recovered leaving about 31·53 per cent. of the total demand outstanding. The arrears were particularly heavy in Bailhongal, Athni, Belgaum, Nipani, Guledgud, Ilkal, Bijapur, Dharwar, Haveri, Ranebennur, Nargund, Byadgi, Sirsi, Karwar, Kumta, Honavar, Bhatkal, Gokarn, Uran, Panvel, Roha-Ashtami, Pen, Malvan and Vengurla municipalities.

9. *Working of octroi and terminal tax systems.*—In the Northern division the municipalities of Dholka, Viramgam, Ranpur, Surat and Bassein continued to levy octroi. Eighteen municipalities imposed terminal tax, while the rest of the municipalities, viz., Modasa, Kaira, Borsad, Dakor, Kapadvanj, Rander, Kurla, Vile Parle, Ghatkopar-Kirol and Juhu levied neither octroi nor terminal tax. Out of the gross collections of Rs. 4,95,681 from octroi, a sum of Rs. 1,29,048 was refunded on account of goods re-exported against Rs. 1,47,342 in the preceding year, the Surat municipality alone being responsible for a refund of Rs. 1,28,626.

In the Central division the octroi system was in force in 35 municipalities while nine municipalities levied terminal tax. Karad is the only municipality which levied octroi as well as terminal tax. The gross octroi collections amounted to Rs. 16,41,354, the net income being Rs. 15,30,225. The percentage of refunds in respect of re-exported goods was 6·7 as against 4·4 in the preceding year.

In the Southern division the octroi system was in force in 21 municipalities while 13 municipalities levied terminal tax. The gross receipts from octroi amounted to Rs. 5,81,156 of which Rs. 15,019 were refunded in respect of re-exported goods, the percentage of refunds being 2·58 as against 2·51 in the previous year.

10. *Expenditure.*—The total expenditure of the municipalities in the Province of Bombay excluding Sind was Rs. 3,15,72,000 as against Rs. 3,44,20,000 in the previous year. Excluding the item of "extraordinary and debt" the expenditure amounted to Rs. 1,85,13,000 as against Rs. 1,79,81,000 in the preceding year :—

(*a*) *Water supply.*—The total expenditure on water supply increased by about Rs. 1,26,000 mainly under establishment, repairs, etc.

(*b*) *Drainage.*—The expenditure under this head increased by about Rs. 71,500 mainly under Capital Outlay.

(*c*) *Conservancy.*—The expenditure under this head which represents money spent on road cleaning and watering and on public latrines but

excludes expenditure on special sanitary services amounted to Rs. 26,12,000.

(*d*) *Hospitals and dispensaries.*—The following 27 municipalities failed to spend on medical relief the minimum 4 per cent. of their expenditure as enjoined by Government :—

Broach, Godhra, Dohad, Kaira, Surat, Bandra, Kurla, Vile Parle, Juhu, Ahmednagar, Jalgaon, Dhulia, Nandurbar, Betawad, Nasik, Manmad, Bhagur, Satara-Suburban, Mahableshwar, Vita, Pandharpur, Belgaum, Bijapur, Dharwar, Navalgund, Karwar and Ratnagiri.

(*e*) *Road expenditure.*—The expenditure on roads amounted to Rs. 15,37,000. In the Northern division despite a large expenditure by the Ahmedabad and Vile Parle municipalities, the expenditure under this head decreased by Rs. 34,000, which was due to the adoption of a less expensive road programme than in the previous year by the Surat and Broach municipalities. Twelve municipalities in this division, however, failed to observe the principle of devoting the whole of the proceeds from the wheel tax to the construction and maintenance of roads.

In the Central division the total expenditure on roads increased by about Rs. 37,855 mainly owing to the construction of asphalt roads by the Sholapur municipality and to the construction of additional roads and the purchase of new road rollers by the Nandurbar, Barsi and Pandharpur municipalities. Twenty-four municipalities in this division spent on roads much less than the income derived from the wheel tax and tolls.

In the Southern division the expenditure amounted to Rs. 2,07,000. Ten municipalities not only failed to spend the whole of their income from wheel tax and tolls on the construction and maintenance of roads but even neglected to create separate funds for the purpose.

(*f*) *Public instruction.*—The total expenditure under this head amounted to Rs. 41,09,000 as against Rs. 39,05,000 in the preceding year. All the divisions showed increases, owing mainly to the opening of new schools and the construction of school buildings.

11. *Closing balance.*—The aggregate closing balance of all the municipalities in the Presidency excluding Sind amounted to Rs. 40,49,500 as against Rs. 42,93,500 in the previous year.

12. *Financial working of water supply installations.*—In the Northern division the income of the Ahmedabad municipality from the water rate rose from Rs. 15,14,884 in the preceding year to Rs. 19,03,236 in the year under review. The increase was due to the fact that the municipality recovered past years' arrears from the mills. Out of the total income, Rs. 10,61,776 were derived from the general water rate. The working of the water supply installation at Surat showed a net profit of Rs. 1,72,653. The water supply accounts of Rander, Thana and Bhiwandi also showed a profit during the year. Bandra and Kurla municipalities obtained their supply of water from the Bombay municipality through Government in the Public Works Department.

In the Central division, the water works at Dhulia, Trimbak, Karad, Satara City and Barsi yielded a profit while those at Ahmednagar, Nandurbar, Nasik, Sirsi and Vita worked at a loss. At Jalgaon there are two systems of water supply —the Girna Water Works and the Mehrun Tank supply. The latter worked at a profit while the former showed a loss.

In the Southern division, with the exception of the water works at Bijapur, Dharwar and Alibag, the installations at Nipani, Hubli, Pen, Roha-Ashtami, Matheran and Panvel showed a profit. The Alibag municipality levies no water tax and the expenditure incurred was on account of establishment only. The installation at Bijapur has been working all the while at a loss and in order to minimise the loss, the municipality raised its special water tax. The water

supply in Dharwar is quite unsatisfactory and the question of taking up an adequate supply scheme is reported to be under the consideration of the municipality.

13. *Audit of Accounts.*—The audit notes disclosed that barring a few exceptions the tone of the municipal administration did not show any improvement over that of the preceding year. The principal defects noted were :—

(*i*) unsatisfactory finance,

(*ii*) heavy arrears,

(*iii*) incomplete maintenance of demand and assessment register,

(*iv*) non-compliance with the suggestions made in audit,

(*v*) lax supervision over the work of subordinates,

(*vi*) failure to take proper disciplinary action in instances of negligence with the consequent loss of the rate-payers' money.

In the Northern division audit disclosed cases of misappropriations, defalcations and irregularities in the accounts of the Ahmedabad, Viramgam, Modasa, Broach, Surat, Rander, Thana, Bandra and Bhiwandi. The financial position of the municipalities of Sanand, Kaira, Dakor, Broach and Bhiwandi was reported to be such as would need special attention and prompt efforts with a view to bring about improvement.

In the Central division, the accumulation of arrears is a growing evil. The presidents of the municipalities have been asked to submit to the Collector monthly progress reports of collections and of the coercive measures adopted to recover the dues. The accounts of the municipalities of Nasik, Bhagur, Trimbak, Sholapur and Pandharpur revealed defalcations and embezzlements and steps were taken to deal with the offenders.

In the Southern division, the case of embezzlement in the Gadag-Betgeri municipality reported in the preceding year has resulted in the prosecution of the offender. The accounts of the Dharwar municipality disclosed defalcations of rate-payers' monies. The affairs of this municipality in general are going from bad to worse and at the end of the year the Collector was asked to take up with the president the question of improving the whole administration.

14. *Grants for sanitary and town improvement schemes.*—The majority of the municipalities are alive to the needs of efficient water supply and drainage but are generally prevented from embarking on such schemes owing to lack of funds. In the year under report as in the previous year, financial stringency prevented Government from giving much substantial assistance to municipalities in this direction.

Part II.

Remarks regarding more important Municipalities.

15. *Ahmedabad.*—The financial position of the Ahmedabad municipality showed steady progress during the year. The municipality repaid a loan of Rs. 13 lakhs during the year under report. The recovery of arrears also showed remarkable progress. Government observe with pleasure that close and careful consideration is being given to the improvement of the city's water supply. It is reported that the municipality is also taking necessary steps to improve the present position regarding the disposal of sewage. The works included in the town planning schemes are being vigorously executed.

Public health was on the whole good and no epidemic in a serious form visited the city.

The municipality is to be congratulated upon providing various amenities for the good of the public, such as public parks, hospitals and other public buildings. In fact the administration report of the Ahmedabad municipality is a most interesting document which indicates the careful consideration which is being bestowed on every detail of the municipal administration.

Surat.—The financial position of the municipality was satisfactory. The recovery of arrears, however, showed little progress during the year. The municipality made good progress by asphalting 7·284 miles of its roads at a cost of about Rs. 1,33,000. In view of the objections raised by the Baroda and Sachin States, the scheme of outfall in the Mindhola river was dropped and the municipality has resolved to adopt the alternative scheme of disposal by the sewage farm method at some suitable site to the east of Surat, at a cost of 60 lakhs of rupees.

Poona City.—The financial position of the municipality cannot be said to be satisfactory. Government regret to observe that very little progress is made in the recovery of arrears. The outstandings rose from Rs. 1,17,535 in the preceding year to Rs. 1,61,288 at the end of the year under review. Public health was on the whole good and no epidemic visited the City. However, the total infant and child mortality was high as usual. Government view with concern that the municipality has not yet realised its responsibilities with regard to this matter.

Sholapur.—The financial position of the municipality was above criticism. It continued to maintain a satisfactory standard of administration. The recovery of arrears showed also good progress during the year. Government note with satisfaction that the municipality has completed almost the whole of its water supply scheme and is preparing a scheme for obtaining additional water supply from the Sina river. Plans and estimates for a drainage scheme have also been prepared.

General Remarks.

16. Government regret to observe that during the year under report, the standard of administration of the municipalities in the Province as a whole hardly shows any improvement. The Commissioner, Northern Division (Mr. Garrett), summarising the position in that division observes " With some notable exceptions most of the municipalities have carried out their administration in the usual routine manner and have failed to show any substantial progress ". The Commissioner, Central Division (Mr. Smyth), also has nothing very encouraging to say regarding the working of municipalities in his division and states " The Commissioner regrets that during the past year he has seen few signs of any improvement in municipal administration. It is not too much to say that with the exception of about half a dozen municipalities.....there is hardly a municipal board which is fully alive to its responsibilities ". The record of the Southern division is equally uninspiring as will be seen from the remarks of the Commissioner (Mr. Madan) who observes that " the year under review has not been one of general progress in the matter of municipal administration ". The causes of this comparative lack of success in the administration of civic affairs are not far to seek and are being emphatically stressed, year after year, in the administration reports, the general absence of a sense of civic responsibility among the municipal councillors, the dissipation of energy in factious feuds based on personalities, and above all the tendency to look upon the membership of the board merely as a personal distinction and not as an opportunity of rendering disinterested service to the local community. Government regret to observe that barring the notable exceptions of Ahmedabad and Sholapur municipalities, even the larger borough municipalities which are in a position to raise the necessary finance, hardly show any initiative or keenness in the matter of the provision of better civic amenities in their respective areas. When the larger bodies are so apathetic, it is hardly a matter of surprise that the small town municipalities—of which there are so many in the Province particularly in the Central division—are merely content to drag on their weary uninspiring existence from year to year in a state of chronic financial stringency which they do nothing to set right.

17. Government feel that the problem presented by the smaller municipalities of the Province is becoming more complicated and difficult year by year. These municipalities are tending to become the least efficient units in the whole structure of local self-government and though they are, from the very nature of the case, constantly in need of advice and guidance from the Collector and the Commissioner, they are precisely the bodies which strongly resent such advice when it is tendered. As the Commissioner, Northern Division, has very aptly put " the

amount of trouble arising out of control and audit varies inversely with the size of the municipality". The Commissioner, Central Division, writing in the same strain observes " the very small municipalities which are mainly to be found in the Satara and West Khandesh districts are completely inefficient bodies in which, even if the will to work is present, the capacity to do so is absent ; most of them could be abolished with advantage and replaced by sanitary committees or village panchayats". Now that the Village Panchayat Act is well on the way to being completely overhauled and remodelled, Government hope to take up for consideration in due course, the whole question of the proper administration of the smaller municipalities with a view to setting up machinery for local government suitable to the real needs of the locality concerned.

18. The fact that a large number of municipalities failed to earmark the prescribed minimum of 4 per cent. of their annual expenditure for medical relief was prominently brought out and commented upon in the review for the year 1935-36. It seems that the municipalities concerned have practically taken no steps to make the necessary adjustment in their expenditure during the year under report and no less than 27 bodies have again failed to devote even 4 per cent. of their expenditure to medical relief. Government earnestly hope that municipalities will show rapid improvement in this respect hereafter and trust that it will not become necessary for them to take stringent steps against the repeated recurrence of such defaults.

19. Another disquieting feature of the year is the growth of arrears. " The accumulation of arrears is a growing evil " states the Commissioner, Central Division. Similar slackness as regards the collection of municipal dues has also become noticeable in the other two divisions of the Province and the position of the Dharwar and Haveri municipalities in the Southern division has almost become desperate, the percentage of arrears in respect of past years having gone up to 71·1 and 75 respectively. Government would like to point out that slackness of a municipality in the matter of the collection of its legitimate dues is apt to prove peculiarly mischievous in its long term effects ; while the law abiding citizen who pays his dues promptly is virtually penalized, the contumacious defaulter who, by his selfishness, holds up the execution of beneficient schemes, receives indirect encouragement in his antisocial behaviour. Government would therefore enjoin upon municipalities the imperative necessity of unflinchingly taking prompt coercive steps whenever defaults are committed in respect of their dues.

20. While there is much that is discouraging in the foregoing paragraphs, the year's record of municipal administration is not a picture of unrelieved gloom ; Ahmedabad City continues to show remarkable progress year after year in every department of beneficient civic activity and its record in this respect fully conforms to the best standards observable in Europe. In municipal work, this city in fact furnishes an admirable pattern for other cities of a comparable size to follow. In the Central division, the Sholapur municipality is showing commendable vigour in pushing on the initiation of the improved water supply and drainage schemes. The Poona City municipality has also taken steps in the right direction by the initiation of its River Improvement Scheme which is likely to have a beneficial effect on the sickness rate of the city. Among the medium sized municipalities, Government desire to mention Amalner ; the collection of arrears in this city during the year under report has been truly remarkable and the outstandings at the end of the year represented only 0·76 per cent. of the demand. As regards epidemic diseases Government are happy to note that none of the municipalities concerned has given any cause for complaint and the few actual or threatened outbreaks have been promptly dealt with in full co-operation with the officers of the Public Health Department. Again with regard to the treatment given to Harijans, with the unenviable exception of Trimbak, all the municipalities are trying to do the right thing by these classes and no distinctions are allowed to be observed as regards the use of public places like wells, dharamshalas, dispensaries and places of public entertainment. During recent months moreover distinct signs of a helpful awakening, both on the part of rate-payers on the one hand and existing and prospective municipal councillors on the other, have become observable and they constitute a good augury for the future. Government also have reason to hope that the spirit of idealism and disinterested public service which now informs several higher spheres of public

life in the Province, will not fail to permeate gradually the region of local self-government as well and the occasions for lamenting the deficiencies of the institutions concerned will become fewer hereafter.

21. Government acknowledge with pleasure the signal services rendered by the non-official gentlemen mentioned by the Collectors and Commissioners; Government also desire to convey to the Commissioners, Collectors and officers of other Departments their appreciation of the help, advice and guidance given by them to municipalities whenever necessary.
